LATE CHARGES:

You can avoid late charges by making the Current Payment Due for the exact amount due as indicated on this Billing Statement on or before the Payment Due Date. Please refer to your retail installment sales contract for details regarding the assessment of late charges on your account.

To ensure that we receive your payment on time, please use the enclosed envelope and attached payment stub, send the payment to the address on the payment stub, and allow 7-10 days for mail delivery. There may be a delay of up to 5 days in posting payments if the payment is not received at the location identified on the payment stub.

MISCELLANEOUS CHARGES:

Miscellaneous charges may consist of unpaid fees, penalties, and expenses incurred on your vehicle. These fees and expenses include, but are not limited to, taxes, towing, repair bills, storage bills, fines, and attorney fees. Please refer to your retail installment sales contract for details and repayment obligations.

CREDITING OF PAYMENTS:

Payments made will be applied first to the current Total Amount Due and then to the next monthly payment(s) due, as applicable.

PRINCIPAL PAYMENTS:

You may pay more than the total amount due. Funds received in excess of the total amount due will reduce your principal balance and also be applied to future

payment(s). Your next billing statement may show that your account is paid ahead. If you want to make a payment that reduces your principal balance only and is **not** applied towards this or any other future payment(s), you may make a one-time principal only payment on www.toyotafinancial.com, call us at (800) 874-8822, or mail your payment to: Toyota Financial Services, P.O. Box 9490, Cedar Rapids, IA 52409-9490. Include your account number and "Principal Only" on the memo line of the check. Please continue to make your normal monthly payments through your preferred payment method. Daily interest will continue to accrue on your unpaid balance.

DATE/AMOUNT OF LAST TRANSACTION:

The Last Account Transaction indicates the last financial transaction we processed before this statement was generated. A financial transaction may include either the payment you sent or the processing of a payment extension, a late fee waiver or payment reversal. The Date of Last Transaction indicates when you made a full payment on time or when the last payment was applied toward principal only.

How Are Payments Applied?

Payments received are applied first to interest due, then principal, followed by any outstanding charges (i.e. late charges). Funds received in excess of the total amount due will reduce the principal balance and will also be applied to future payment(s). If you pay 90% or more of the next payment due, your next billing statement will show that no payment is owed for the billing period. You may still elect to make a payment at any time. Daily interest will continue to accrue on your unpaid balance.
